CST/berger tools and accessories are built to survive the toughest jobsites and packed with innovative features - leading the way for the building, construction and survey markets. The company is the union of two measuring tool specialist manufacturers: Chicago Steel Tape, founded in 1903, and Berger Instruments, founded in 1871.

CST/Berger

When combined with a CST Berger transit level device, your laser detector can assist you in finding the perfect level of grade. Turn your laser level on and use the laser detector to mark the ideal height of grade across a long job site. This equipment is commonly used in construction and surveying.
