Basic instructions for the worksheets. Each worksheet is randomly generated and thus unique. The answer key is automatically generated and is placed on the second page of the file. You can generate the worksheets either in html or PDF format — both are easy to print. To get the PDF worksheet, simply push the button titled " Create PDF "...

Worksheets for classifying triangles by sides, angles, or both

The longest side of the triangle in the Pythagorean Theorem is referred to as the 'hypotenuse'. Many people ask why Pythagorean Theorem is important. The answer to this is simple: you'll be able to find the length of a right-angled triangle's third side if you know the length of the other two sides.
